We provide **SERVICES**

We focus on providing **Four core services** to support sustainable business development:

Auditing service:

We audit financial statement in accordance with Vietnamese and international standards to ensure transparency and accuracy, and to enhance credibility among business partners and investors.

Transfer Pricing:

We consult, prepare and review of related party transactions to comply with tax administration regulations, assisting companies in managing risks and enhancing transparency.

Refund Tax/ Tax Finalization or Settlement :

We help businesses prepare and process tax refund accurately and quickly in accordance with the law, ensuring transparency in interactions with tax authorities and minimizing risk.

Training & Software:

Based on the management methods standardized by Japanese companies, we design specialized training programs tailored to the target audience and strategic goals to improve team management capabilities, soft skills, and leadership.

Auditing Services

Value of Audit, Quality of Trust

Unistars is a 100% Vietnamese-owned company established in 2007 with over 18 years of experience. Currently, we provide services to over 300 FDI companies from Japan, Korea, China, Taiwan, etc., such as Toto, Keihan, Mitsui Oil, Secom, Itochu, and Daibiru.

Guided by our guiding principle of "**doing the right thing in the right way**" and proven by the trust we have received from our customers in Japan and Korea, we are confident that we can provide our customers with professional services that combine high levels of expertise, service quality, and efficiency.

Our business areas include auditing, accounting, tax consulting, transfer pricing, valuation and inventory services, primarily targeting foreign companies.

Our services

We provide professional audit services and tax consulting in accordance with international standards and Vietnamese laws to ensure transparency and accuracy and maximize corporate financial efficiency.

Audit

We audit financial statements in accordance with current rules and international standards to ensure your finance is truly and fairly . Our audit services not only bring transparency to your company, but also increase the trust of your clients, investors.

Tax refund

We provide the tax refund to ensure full and secure documentation, comply with the law. From examining and preparing documents to dealing with tax authorities, we follow the process, with the aim of optimizing cash and minimizing risk.

Audit Process

Review of internal control environment

We evaluate structures, division of authority, management and financial policies, and all financial status, make recommendations based on results.

STEP 01

STEP 02

Review of internal control processes

Review of documentation, expenses, budget approvals, control processes and preparation of financial statements to ensure their validity and completeness.

STEP 03

Accounting system review

We see accounting rules, fullness and accuracy of documents, books and accounts, financial statements, and recommendations.

STEP 04

Regulatory Compliance

We evaluate compliance with investment law, tax law, labor law, and Vietnamese accounting standards.

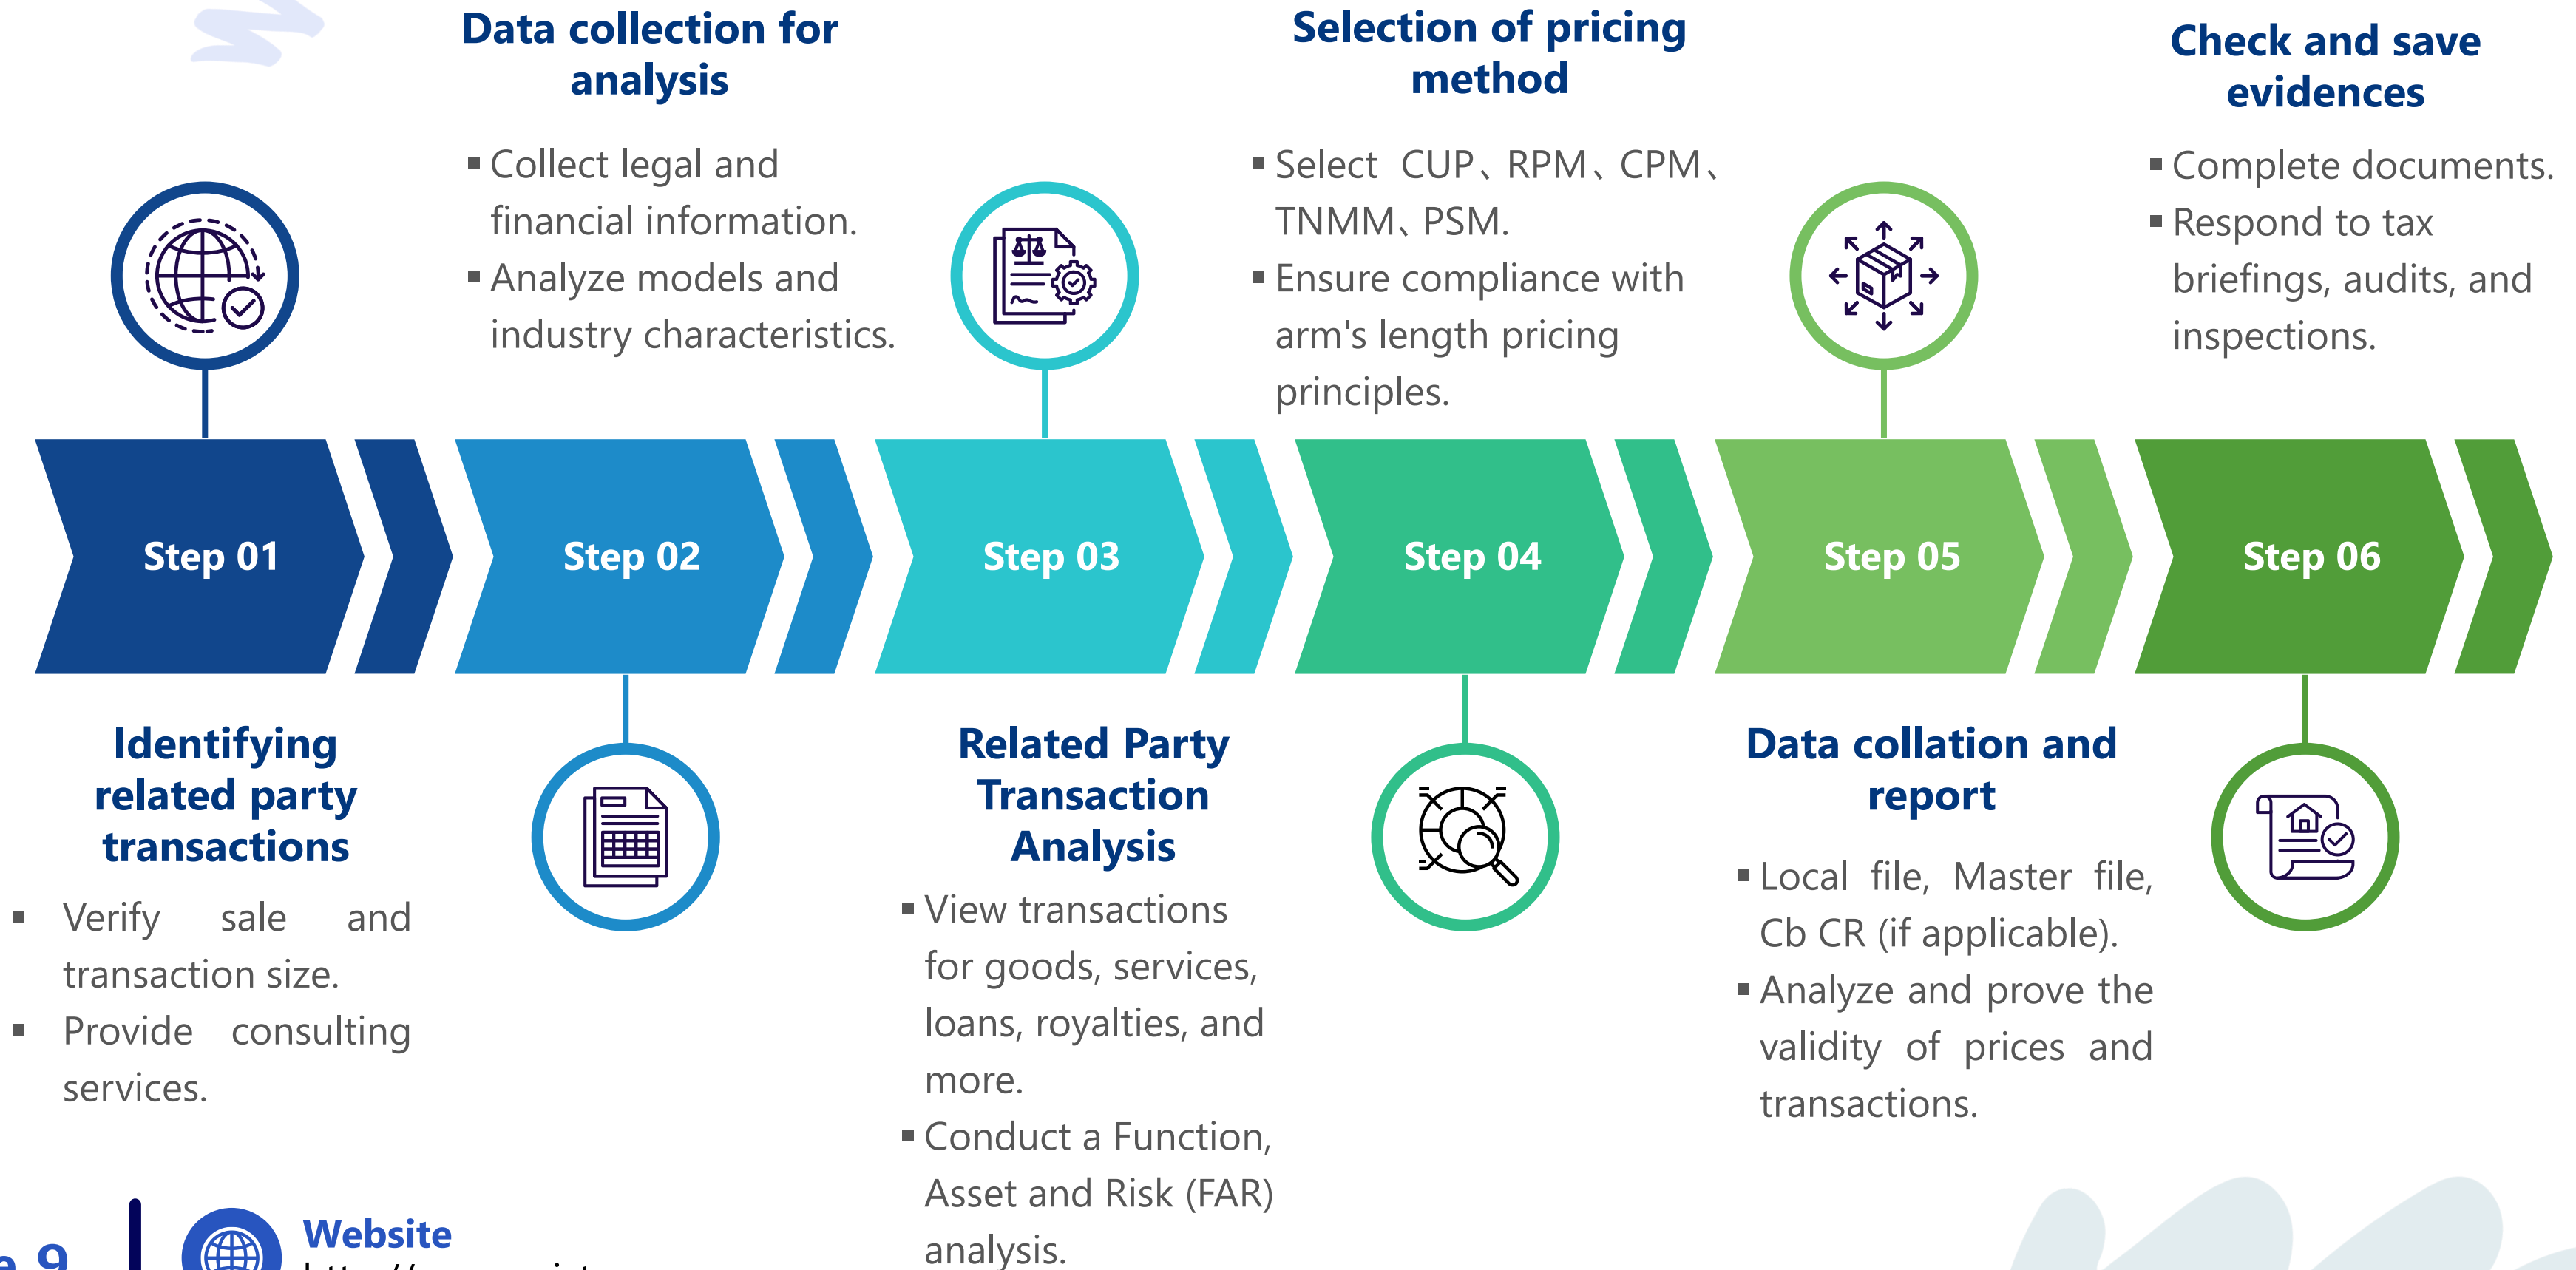

Service Results

The result is a "management letter" that points out the limitations of the accounting system, identifies tax risks, and solutions for improvement and correction.

STEP 05

Transfer pricing Document Procedures

Tax policy review

Value Added Tax (VAT)

We will check the application status of Value Added Tax (VAT) based on the following notice
Circular 219/2013/TT-BTC, 130/2016/TT-BTC

Corporate income tax (CIT)

Check your Corporate Income Tax (CIT) policy based on : **Circular 8/2014/TT-BTC (96/2015/TT-BTC, 151/2014/TT-BTC** including amendments and supplements)
